

**Live Power**

Minute by Minute Market Insights

FEATURES

- Fastest-in-industry reporting with data refreshed every 60 seconds
- High accuracy, latest generation data from patented measurement technology
- Growing coverage network reflecting today's market dynamics with continued investment in uptime rates and new facilities
- User-friendly data in maps, alerts, real-time and historical views, and programmatic data solutions for actionable analytics

With today's rapidly changing grid, decision makers in the market need instant visibility into what's happening to stay ahead of market moves.

Live Power® delivers fastest-in-industry reporting of generation, transmission, and load data. Real-time data is delivered every 60 seconds and fully integrated within Yes Energy® analytic tools, providing unparalleled visibility into the supply and demand side of the equation.

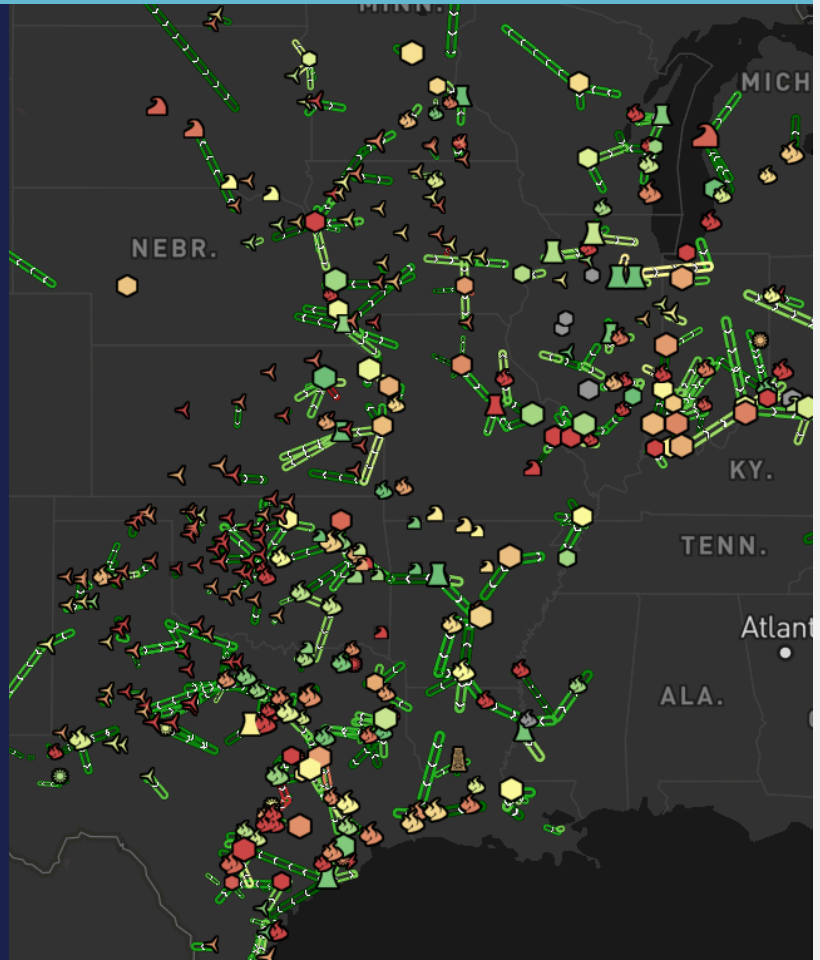

With superior coverage of the most relevant plant, transmission lines, and load centers, Live Power captures today's most important market dynamics.

DATA INSIGHTS THAT POWER YOUR BUSINESS

PRODUCT BENEFITS

- See online/offline dispatchable capacity and unit-by-unit output to track day-ahead unit commitment and evaluate day-ahead to real-time spreads
- See sudden plant and line outages to explain scarcity pricing
- Capture today's grid flows to calibrate models daily with the latest plant/line data
- Understand flexible load resource behavior, especially curtailment patterns that impact pricing
- See inter-zone transmission flow to spot real-time congestion and see long-term views of transmission flows to forecast future congestion
- See renewable production on the geographic "edges" of the market, an indication of changes in ISO-wide fleet performance

ABOUT YES ENERGY®

Yes Energy is how traders, power companies, and asset managers can finally make sense of the complex, rapidly changing power market.

Supported by best-in-industry customer support, you get up-to-date data, comprehensive tools, and a specialized partner to help you make the right decisions every day.

It's time to Win the Day Ahead™ and only Yes Energy brings you the unique combination of better data, better delivery, and better direction you need to do that.

"The data quality provided by Live Power is not only more accurate but also more timely compared to other solutions. Their use of the latest technologies in generation monitoring ensures that we are always ahead in terms of data precision and relevance."

Jamie McIlroy • Chief Operating Officer • GBE Energy
